

D3

Cottage Loaves Numeracy

1. Convert the recipe so that it makes 24 rolls

.....

.....

2. Convert the recipe for only 6 rolls

.....

.....

3. Now convert the recipe for 9 rolls

.....

.....

4. Convert the recipe into metric measures where possible.

Use a conversion of:

$$1 \text{ oz} = 28\text{g}$$

$$1 \text{ pint} = 0.5\text{litres (approx.)}$$

.....

.....

5. Convert the following quantities into metric using the same approximate measures as above:

a. 24 rolls

b. 6 rolls

.....

.....
